Issued by

National Institute of Allergy and Infectious Diseases ([NIAID](#))

Purpose

K Salary and Research Support

Effective for application due dates on or after **June 12, 2024**, NIAID will raise the maximum salary and research support provided on NIAID K99 awards through the [Parent](#) and [MOSAIC](#) notices of funding opportunities (NOFOs) or any reissues of these NOFOs, on NIAID K25 awards through the [Parent](#) NOFO or any reissue, and on NIAID K01 awards through the [Parent](#) NOFO or any reissue.

NIAID K99, K25, and K01 award levels will be:

Salary Support

Up to *\$100,000* plus fringe benefits per year (*increased from \$75,000*). As always, salary must be consistent with effort committed to the award and institutional compensation policies.

Research Support

Up to \$50,000 per year (*increased from \$25,000 for K99 and K01, increased from \$20,000 for K25*).

R00 Years for Support

Effective for application due dates on or after **June 12, 2024**, NIAID will increase the support period for the R00 phase through the [Parent](#) NOFO or any reissue. The K99/R00 award will provide up to 5 years of support in two phases. The K99 phase will provide support for up to 2 years of mentored postdoctoral career development. The R00 phase will provide *up to 3 years (increased from 2 years)* of independent research support.

Note that potential applicants of the [NIAID Physician-Scientist Pathway to Independence Award \(K99/R00 Independent Clinical Trial Not Allowed\)](#) and [NIAID Physician-Scientist Pathway to Independence Award \(K99/R00 Clinical Trial Required\)](#) should refer to [NOT-AI-24-039](#) and [NOT-AI-24-040](#), respectively, to find information about an increase in the mentored phase K99 salary support, an increase in research support, and an increase in the number of years for the R00 award phase.
